

Trades Assistant Position Opportunity

Emery Industries is a growing National Medical Equipment Manufacturer and Distribution organization looking for a dynamic Trades Assistant.

We are seeking a person who is hard working and reliable with factory experience using hand and power tools.

Ideally, this position will suit an applicant who is a self-motivated Trades Assistant with previous sheet metal fabrication experience using a guillotine and press brake. Experience in Stainless Steel Polishing would be highly regarded.

Should the right person apply an apprenticeship in sheet metal fabrication might be offered.

To secure this position you **MUST** possess the following:

- Driver's License
- Mechanical Aptitude
- High attention to detail
- Ability to work with minimal supervision & within a team environment
- Experience with hand and power tools

Your daily tasks will consist of assisting our welders as well as general warehouse duties.

Applications close Friday, 26th November 2021.

Short listed candidates will be contacted promptly to discuss the role further.
